INSTRUCTIONS

ABOUT THIS BOOK

Free Stuff For Crafting, Sewing And More lists hundreds of items that you can send away for starting today! The Editors have tried to examine and verify every item included in this book and are pleased to report that each item is among the best offers available.

These directions explain exactly how to request an item. Please read the instructions carefully so you know exactly how to submit your request. We have included a checklist on Page 8 to make this project fun and easy.

A few “non-craft” offers we thought may be of interest to you have also been included as a bonus.

With most households having a computer and Internet access, additional “Internet and World Wide Web” sites have been included in this new edition. These sites offer a web “address” such as like “www.myfree.com/craft.html.” If you do not have Internet access at work or at home, most public libraries now offer Internet access.

The company also provides offers to and works with MyFree.com, which maintains a very popular “Free Stuff” World Wide Web Internet site. MyFree.com has many crafting, sewing and related free e-mail newsletters and web sites. Their main site is at:
<http://www.myfree.com>

We are pleased to announce that MyFree.com has also agreed to update on-line and select other offers presented in this book for our readers at no charge on their web site.

ABOUT OUR COMPANY

Prime Publishing LLC is a leader in the field of collecting consumer information. We use a sophisticated state-of-the-art computer system to track each and every sponsor and offer.

Our company maintains a database of many thousands of free offers. We then “package” these offers into various books, magazines and on the Internet. Our database is updated daily. This assures each of our readers that they are using the most up-to-date information we have available.

DO’S AND DON’TS

- Do print your name and address clearly.
- Do not use script writing if possible as it can be hard to read.
- Do use a ballpoint pen.
- Do not use a pencil.
- Do include your complete name and address.
- Do not use abbreviations (other than state), as they may be confusing.
- Do send the correct amount of money requested.
- Do not send coins or dollar bills if you can write a check or use a money order.
- Do tape coins with one piece of tape if used.
- Do not include loose coins in the envelope.
- Do include a self-addressed, stamped envelope if requested.
- Do not forget to put stamps on your envelope.
- Do think of your friends as you use this book.
- Do not request more than one of an item.

SPECIAL TEACHER PROGRAMS

This book and other “Free Stuff” books can be a great teaching tool or aid. Students - just like adults - love to get mail. Our directories can be used to help kids learn reading and writing skills, math skills and about business.

We offer special school discount prices. Please write on your school letterhead to our company for further information.

SAMPLE LETTER

When writing to the sponsors to request offers, please print clearly; use a typewriter or a computer word-processor.

Often, packages are lost or delayed due to incomplete or addresses that were not readable.

Please feel free to use a letter or postcard that reads as follows:

Mary Smith
1234 Any Street
Chicago, IL 60616

August 15, 2006

To whom it may concern:

Please send me the booklet Introducing Your Kids To Crafts. I have enclosed a long self-addressed, stamped envelope and \$.25 for postage and handling.

Thank you,

Mary Smith

SUBMITTING NEW OFFERS OR CORRECTIONS

Companies, government agencies, trade associations, groups, etc. are invited to submit items for consideration on our database. A description and actual sample is best for our editors to carefully review the offer and write up an appropriate description. Items can be for this “FREE STUFF” directory or others. Other “FREE STUFF” directories published or planned includes directories for Kids, Parents, College Students, Pets, Sports, Health and Fitness, Cooking and Babies.

TERMS AND ABBREVIATIONS

LSASE: This stands for “Large (or Legal) Self-Addresses Stamped Envelope”. This is a standard #10 business size envelope, which measures approximately 4 1/8” high by 9 1/2” long.

Your item will be returned to you in this envelope. You must put your name and complete mailing address on this envelope with the postage requested. Put your name and address in the center of the envelope - as if you were mailing this letter to yourself. Also, put your return address in the upper left hand corner of the envelope.

Fold up your LSASE so that it fits into another personal or #10 business envelope. Do NOT seal your LSASE - because the sponsor will use this to put your offer in and mail it back to you to your name and address.

If we do not specify otherwise, you should put one stamp on the LSASE envelope. Very important - do not forget the stamp(s).

OFFER: The product(s) or service(s) that you will actually receive.

POSTAGE AND HANDLING: The fee charged by the sponsor to cover the costs of processing your request. These costs include opening your envelope (unless you use a postcard), addressing your item to you, selecting the right item to send, postage charges, office personnel, etc.

POSTCARD: A postcard is a small card that you can write on and mail without an envelope. Many sponsors request a postcard instead of an envelope. This saves the sponsor the time it takes to open envelopes and helps speed your item back to you even faster.

The post office sells postcards with pre-printed postage. This represents your best value. Postcards must be at least 3 1/2” high by 5” wide to meet postal regulations. As such, do not use a 3” x 5” index card.

SASE: This stands for “Self-Addressed Stamped Envelope. This can be either a standard #10 business size envelope or your typical personal use envelope, which is called a 6 3/4 and measures approximately 3 5/8” high by 6 1/2” long.

Unless otherwise indicated, we recommend that you always use a #10 business envelope. Your item will be returned to you in this envelope and most items in this directory will require a #10 envelope due to their size and weight. You must put your name and complete mailing address on this envelope with the postage requested.

SPONSOR: The companies, government agencies, trade associations, groups, etc. that make available free offers for consumers.

THE OFFERS

All of the offers we list in our database were submitted or researched as free offers, special low cost offers and craft kits or other items of consumer interest.

In addition, we will, in accordance with industry standards and guidelines, list offers that require a Self-Addressed Stamped Envelope and/or require a postage and handling fee. Our company policy is not to list any offer with a postage and handling fee in excess of \$3.00.

Our editors have tried to carefully review and verify each and every offer listed within this directory. Unfortunately, offers may change or be discontinued by the sponsor at any time and without notice. As well, sponsors have the right to substitute items should the original item or offer run out. Whenever possible, we have tried to not publish offers from sponsors who may not be able to make their free offers available for at least one year.

We are acting as “newspaper or magazine investigative reporters”. We try to present our research as accurately as possible. Prime Publishing LLC is not responsible for any errors or omission within this book. If you find any errors in this book, please notify us immediately so that we may contact the sponsor and update our database.

TIPS

1. Please only ask for the items that you really want and/or need. Our sponsors spend millions of dollars each year providing these offers to consumers.

2. Whenever possible, we recommend that you use a postcard to request your free offers. Of course, if the sponsor requires a self-addressed stamped envelope or

postage and handling charge, using a postcard will not be possible.

3. Be sure to print clearly - or use a preprinted address label when writing to the sponsors. Always include your zip code.

4. Always ask for the item by the offer name or as fully described in our description. Our listings look as follows:

Offer: Introducing Your Dog to Your New Baby
Description: This great booklet explains how to successfully introduce a pet dog into your family especially around infants. Write to:
Sponsor: ABC Dog Food Company
Address: PO Box 877, Young Woods, IL 55399-0877.

Note: Whenever possible, we have listed the "Zip + 4" zip code. In the above example, the 5 digit zip code is "55399". The added 4 digits to speed delivery are "0877". You may also want to write this as "55399-0877".

5. Teachers, civic and religious groups may request quantities of offers from many sponsors. Please write on your stationary and explain the use of the items.

6. Occasionally, items may be changed, modified or discontinued by the sponsors without notice. We try to be aware of these changes and advise you if possible.

You may also try the World Wide Web Internet site for MyFree.com. They have agreed to provide our customers with select changes, deletions and additions from this book. This may be accessed at the following URL. It is:
<http://www.MyFree.com>

7. We have categorized the offers into groups or "headings". These headings are detailed in the table of contents. Review the Table of

Contents and look at those headings that interest you most.

There are a lot of offers for you to review and consider. Do not attempt to review all of the offers at once. There is just too much here.

8. They say, "Patience is a virtue". Our sponsors receive many request for their offers every day. We recommend that you allow 1 - 3 weeks for processing of your requests and an additional 2 - 5 weeks for delivery by US Postal Service/Bulk Rate-Standard Rate. As such, your items could reach you in just a few days or could take as long as 8+ weeks. So, *Be Patient!*

9. Each offer details the sponsor's name and address or phone number to call to request the offer. Please write or call each sponsor directly. We regret that Prime Publishing LLC is not able to fulfill any request directly.

10. Magazines and Newsletters are comprised of a variety of special offers. They fall into these categories:

Free Subscriptions - Consumer Publications: There are no strings attached. These are free subscriptions, available to consumers, just for the asking.

Free Subscriptions - Trade: These publications may be available to those people in a particular field or industry. The magazine or newsletter may ask for you to write on your business letterhead or fill out a special form to determine your qualification for a free subscription. We have noted the specific requirements, if any, as appropriate.

Trial Issues: Most magazines and newsletters will offer you 1 to 3 issues of their publication absolutely free of charge. In fact, some may even offer you a special bonus booklet or item just for taking a look at their magazine or newsletter. Publishers do this to get

you to look at their publication so that hopefully you will subscribe.

We have indicated these types of offers by also giving you the costs for a subscription. All you need to do is write to the address indicated and ask for a trial issue and specify the offer you are writing about.

Example: "Please send me a trial issue of *Great Gardens Magazine* and the special booklet called *Great Plants for Small Gardens*. I understand that a subscription is \$12.97 for 6 issues."

If you like the trial issue, pay for the subscription when you receive the invoice. If not, write "Cancel" on the invoice that will be sent and the publisher will delete your invoice and allow you to keep your trial issue(s) and any bonuses FREE of charge.

11. If an offer requests a shipping and handling charge, please send a check or money order for your safety. If a check or money order is not readily available, please tape all coins to a piece of paper with a single piece of tape.

HOW TO PURCHASE MORE COPIES OF "FREE STUFF FOR CRAFTING, SEWING AND MORE"

Free Craft Tips For You

This section of free craft tips is from the newsletter "Craft Tips Galore Daily - with Aleene Jackson, Tiffany Windsor & Heidi Borchers". This FREE e-mail newsletter will give you ideas, answer your questions and allow you to "chat" with other crafters. These are actual tips from fellow crafters!

Enjoy the free craft tips below and forward to friends - help spread the fun! To get your own free craft tips subscription, just go to www.ifreenewsletters.com

Tip 1

I have a tip for working with salt dough. I do a lot of this and have found out that if you use plastic knives to cut the dough with instead of stainless steel, the cut is smoother and much easier to get off the counter after you are done.

Tip 2

I like to bring my crochet and cross stitch projects with me when I go out.

(It is my secret to keeping sane while I wait for doctors.) A few times I've had the frustration of losing my pattern and trying to replace it (sometimes unsuccessfully). :- (Now whenever I start a new project I make a photocopy, leave the original safe at home and take the copy along.

Tip 3

I have been reading about the different things used as pincushions. Well I use one of those small sponges that have the green scrubber on one side. Using the scrubber side not only does it hold your pins but keeps them clean and sharp. Usually two come in a package so I use one for needles and one for pins. They can be used anywhere you are working.

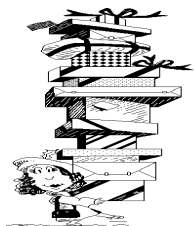

Tip 4

When printing patterns from the web, invest in a pad of graph paper. Put a couple of sheets of the graph paper in your printer when printing out patterns. Make sure you copy down on any paper the finished size of the

project. This way you can figure out how many inches per square is required to get the project the correct size. I then got a 3 ring binder and punched holes in the patterns and put them in the three ring binder. This can also work for a picture you happen to see on the web and you think you can make something out of it. Print it out on the graph paper and you can go on from there.

Tip 5

Another use for vinyl tablecloths is to lay sections of the newspaper, folded in half with the folds alternating so they lay flat. Cut the vinyl to cover the newspaper so there are 3 open sides and 1 fold. Stitch the open sides on the machine folding under the edges or by hand. These little pads are great for kneeling in the garden or cushioning when you're sitting on bleachers or hard ground.

Tip 6

I have a tip for working with salt dough. I do a lot of this and have found out that if you use plastic knives to cut the dough with instead of stainless steel, the cut is smoother and much easier to get off the counter after you are done. Thanks.

Tip 7

I had been having trouble with my thread twisting when doing embroidery. I had heard if you moisten your thread before sewing, it would not twist. To my cupboard, I went, found an unused sponge, looked for a jar top and used it for a template. Drew around the jar top, cut out the sponge, glued it with Aleene's OK to wash it glue and waited 24 hours before I wet the sponge. Then it was ok to use and my thread did not twist

on me again. My daughter saw a kit for this purpose and said it was \$4.50. I made mine for a few cents.

Tip 8

I have a craft idea that involves your glue gun and fabric. I had an old dresser and it was in need of a "redo". Instead of trying to strip it and sand it I decided to recover it. I got out the glue gun and a couple yards of fabric and covered the entire dresser. (Note: if any one should do this do not put fabric on the sides of the drawers, they will not slide into the dresser.) I recovered by dresser over 3 years ago now and the fabric has stayed in place. I use the dresser in my craft room to store all my goodies. Happy crafting.

Tip 9

Over the years I have lost many of my crocket hooks. Now I store them in a travel toothbrush holder, and they're always there when I need them.

Tip 10

Hi I just read the craft tip about painting your own nails. I loved the

line "I grow them myself, so I like to paint them myself"! Any how I am a licensed nail tech, and can tell you that almost any of our craft paints can be used to make pretty designs on our nails, please be sure and use a base coat first, (some paint pigments can stain the nails) and of course using the clear top coat (2 or three coats) protects the designs, and is a "must do". Using a very fine liner brush makes pretty floral and abstract designs, you can also use pieces of thread or string, or feathers dipped in the crafting paints or in the nail polish, for different effects. Keep these wonderful craft tips coming. Have a wonderful day!

Tip 11

I do all of the jean patching for 5 children and 11 grandchildren and I found that by holding the jeans up to the light you can spot weak spots - just put a square of jean material underneath and zigzag...an ounce of prevention is worth a pound of cure.
